Advice for Exams:

Read questions carefully. Underline key **command words** and **key geography words**.

Short questions (1-4 marks) – these are generally point marked. 1 point = 1 mark.

Longer questions (5-8 marks) these are generally level marked. You generally will need to include examples or case study information; use geographical terminology in your written answers and consider SGP.

Use the **resources** given to you in the exam – Graphs, Maps, diagrams etc. make sure you use these to answer questions.

Case Studies – learn a few key facts and figures for each case study. Use them in your written answers to demonstrate case study knowledge

Use **located examples** in your answers E.g. Ocean trench = Mariana Trench
