

Penyrheol Comprehensive School

Advice for Exams:

- Identify the **key command word** in each question eg *list, explain, describe, evaluate*.
- If you are asked to calculate gross profit **margin** and net profit **margin** these should always be expressed as a **percentage**. You **MUST** know all formulas i.e how to calculate an average, percentage change and also the formula for mathematical break even. Show all workings.
- Where appropriate, ensure your answer relates to the context of a scenario to show application.
- **The WJEC Business specification is your key reference point.** This tells you in depth what you need to know about each topic within each unit.

Key Dates:

Unit 1

Business World Friday 24th May 2019

Unit 2

Business Perceptions - Tuesday 4th June 2019

Suggested revision tools/strategies:

- GCSE Pod, www.getrevising.co.uk, www.revisionworld.com <https://s-cool.co.uk/> Please use the **WJEC Business specification to check which topics are applicable to you**
- WJEC Business (2017) weblinks
- The creation of flashcards on individual topic areas (use quizlet to save time)
- Using the WJEC business glossary, get someone at home to test you on business terms and their meanings (**5 per night**). Another way of doing this is for someone to read out a description of a key term and you must identify it. Keep a record of the terms you have been tested on by ticking them.
- Continue with self quizzing & attend active revision on a Tuesday in A17 from 3.10 to 4.10.

**KEEP
CALM
AND
REVISE**
