Dear Parents/ Guardians,

This week, year 10 pupils have been informed that they will be sitting their numeracy GCSE examinations on **Tuesday 7th** and **Thursday 9th of November 2023**.

In the coming weeks, pupils will be provided with some resources to aid them with their numeracy revision over the summer holidays. It is highly recommended that pupils attempt some revision over the holiday period as there will be very little time for revision in lessons.

The revision resources will include; one non-calculator past paper, one calculator past paper and a revision list. Instructional videos going through the past papers will be on Google Classroom. Pupils are encouraged to research topics if they get stuck. The relevant topics have been written on the past papers next to each question, to help pupils with their search.

Alternative revision resources can be found on the following websites;

- WJEC Website (additional past papers and mark schemes)
- WJEC Question Bank (past paper questions with answers on specific topics)
- Corbett Maths (videos and additional exercises with answers)
- MathsWatch (videos, self-marked independent tasks and worksheets)
- BBC Bitesize (written explanations of topics)
- Hegarty Maths on YouTube (videos on specific topics)

Kind regards,

Mr G. Roberts & Miss A. Watts
Head of Maths *Second in Maths*
